To Whom It May Concern:

I am writing to activate my membership in Kappa Delta Pi, the honor society in education.

Upon graduation from the University of North Florida with a Master's degree in English Education, I was invited to membership in Kappa Delta Pi, as the

attachment will attest. However, unfortunately, at that time I did not pursue the invitation to membership.

At this point in my career (I am a fulltime professor of English at Florida Community College at Jacksonville), I feel a need to become more active in professional organizations, particularly those which promote excellence in teaching and learning.

Enclosed please find an application for membership and a check of \$ 26.00 for the annual dues. If there are any questions, please contact me at my office at 904/646-2322.

Thank you for your consideration in this matter.

Respectfully,

Marian L. Beaman
Professor of Communications
Florida Community College at
Jacksonville
